

<p>The Kostum brand is always looking ahead. To create new designs, it called on the architects at Cutter Design, based in their Paris studio.<br>This collaboration gave rise to, among other things, the Madras design, a subtle blend of geometric shapes. This design will allow you to add a touch of designer style thanks to its laser-cut metal sheet. Featured designs: Madras, Saon, Aod, Mellan, Brodiri and Brocéliande.
