## Gate Parady

Gate - Archy

Available as hinged and sliding gate

The collaboration between Cadiou and Cutter Design continues. After designing youthful, urban designs for our gates, fences and guardrails, Gabrielle Roubas has turned her attention this year to a brand new design. **A tricolour design!** Her design was initially conceived to fit in with our product innovations. We have recently developed **multi-colours designs**, and what better way to showcase this new feature than with **the bird of paradise** and its colourful plumage?
